#	Item & Description	Amount
<b>Step 1: Insulation Removal &amp; Preparatory Services</b>		
1	<b>Attic Insulation Removal</b> Completely remove all existing attic insulation, ensuring a clean and debris-free space. Proper disposal is included in accordance with all safety and environmental regulations.	2,250.00
<b>Step 2: Energy Efficiency &amp; Airflow Services</b>		
2	<b>Air Sealing</b> Locate and seal any ceiling penetrations from inside the attic to boost air sealing and energy efficiency, including wires, washroom fans, and plumbing stacks.	0.00
3	<b>Soffits Cover-Up</b> Install batt insulation to cover soffits and prevent loose-fill insulation from falling in, ensuring proper airflow and maintaining attic ventilation efficiency.	300.00
4	<b>Baffle Vent Installation</b> Enhance attic airflow and insulation efficiency with our Baffle Vent Installation service. We strategically install vents to prevent blockages at soffits, ensuring proper ventilation and moisture control.	0.00
<b>Step 3: Insulation Upgrade to Meet Building Codes</b>		
5	<b>Attic Fiberglass Insulation Enhancement (0 to R-60)</b> Comprehensive coverage to upgrade insulation up to 21.5 inches for maximum energy efficiency.	2,400.00
<b>Step 4: Access &amp; Safety Services</b>		
6	<b>Attic Hatch Solution</b> Insulating the hatch lid to keep heat from escaping, sealing gaps for airtight efficiency, and putting up a hatch wall barrier to keep loose insulation from dropping into the living space.	50.00
<b>Warranty</b>		
7	<b>10-Year Attic Insulation Warranty</b> Our 10-year warranty guarantees the performance and durability of your attic insulation. This includes coverage against material defects, settling, and installation issues that could compromise insulation efficiency. If any covered issues arise, we will repair or replace the insulation at no cost, ensuring your home remains energy-efficient and comfortable for the long term.	150.00
